

THE CROPS IN THE NEAR NORTH

Oats will Give a Mammoth Yield—Wheat Crop Fair—Farmers Not Pessimistic.

It has been the universal testimony of farmers and business men of Alberta who have travelled beyond the confines of this province during the present season that the near north crop is in a comparison with any previous year or state on the part of the province. The near north crop is the future of the province. Not the least factor in causing this cheerful view has been the manner in which the crops have come through this year. It is true, the season has not been so favorable as other seasons, but this condition is widespread and proves heavier upon the eastern provinces of Canada and the states of the Union than upon us. In Ontario the grain crop and corn crop is in danger of frost. The same is true of the corn crop in the states of the Union where it is the premier crop of the farmer. Frost has undoubtedly materially reduced the total yield in Alberta this year, but after every allowance has been made for this and other causes, the fact remains that the near north yield of the province will be the largest in its history.

Readers of the Bulletin have been kept informed from time to time of the crops by special correspondents covering the entire crop area from the south to the north.

Yesterday a bulletin representative visiting the Poplar Lake, Horse Hills, Stoney and a part of the near north valley to study the conditions as they exist.

Cutting Nearly Over.
Cutting is practically completed, threshing will continue for some time. A few late fields which were sown for green feed are now being cut. The grain is all in stock and everywhere with the glow of harvest. A great number of the oat fields show the typical yellow of well developed grain, the majority, however, are too pale to indicate perfect ripening. The barley and wheat have suffered most and in many cases will be a poorer crop. However, all the crop will be cut. The wheat and barley are in the hands of the farmer. Some late oats will be fed in the straw which is held by good cattle feeders to be the best way to use it.

Wheat on the whole has not done well this year in these districts. Oats to the backward season, however, smaller acreage than usual, have been sown last spring. The crop grew better from the beginning, but the growing season was protracted into the ripening period of the last days of August and the first ten days of September, subjecting the tender grain, while yet in the milk or soft dough stage, to the harmful influence of untimely frosts.

Growth Was Pronounced.
In no year in the history of the spring wheat industry in these districts has there been a more rapid growth and production of plants, and if the crop of 1907 had been a failure, it would have been a very close thing.

Excellent crops were observed on the farms of Messrs. John Kennedy, Thomas, Hutchins, Heywood, Roswell, Fred McKay, W. G. Spaulding, J. D. McFarlane, D. H. Vane, and others. These are cited only as examples. This district was well settled and the farms improved with good fences and with comfortable and commodious homes.

In Many a Section.
The crops of the near north are about all cut. Few prospects could be more pleasing than the valley of the Sturgeon. The land retreats in broad undulating from the river bed until it is lost in the distance. The crops are in the hands of the farmer. The land retreats in broad undulating from the river bed until it is lost in the distance. The crops are in the hands of the farmer.

STRATHCONA NEWS

THE STRATHCONA CITY COUNCIL DELIBERATES

Many Bylaws Were Under Consideration by the Aldermen Last Night. The Council met on Tuesday night.

A special meeting of the Strathcona city council was held last night to consider a number of questions that were brought up for consideration on Tuesday night. There had been a meeting of the council on Tuesday night, but it was adjourned until this evening.

The Ward Bylaw.
The ward bylaw divides the city into four wards, bounded by Main street and Whyte avenue. Ward Two is east and south of these streets.

Ward Two is west and south of these streets. Ward Three is west and north of these streets and Ward Four is east and north. Thus, for example, the corner of these dividing streets, the Mills block is in Ward One, the Dominion block corner in Ward Two, the Douglas corner in Ward Three, and the Duncan block in Ward Four.

The council also resolved that the city shall hold office for two years, provided that at the first election it shall hold the four wards, the highest vote, one in each ward, shall hold the office for two years and the lowest one for one year.

The date fixed for taking the vote of the burgesses on the bylaw was set as Wednesday, Oct. 30, from 10 till 5 o'clock. H. G. Clark was appointed returning officer for the election.

The Street Railway Bill.
The street railway franchise bill was considered at some length. Mr. Jamieson, watching the interests of the city, asked the council to make a place as advising solicitor to be a council.

Debtors' Bylaw.
A bylaw to provide for the issue of debentures for \$50,000 to provide for the construction of the street railway and the extension of the water works system was also read and passed. The time of the debentures was fixed for forty years and the rate of interest not exceeding six per cent.

Unfinished Business.
The proposed agreement for the purchase of the C. & F. Township Co. property was first considered. The council decided to purchase the property for \$12,000 and lots 9, 10, 11, block 7, for \$2,250, one quarter of the land in each of the four main tracts in three annual instalments, the first to be paid in the rate of eight per cent. on the outstanding amount, with the option of paying the balance amount at any time. The agreement was satisfactory to the council and they decided to accept it in these conditions.

In this case, Mr. McKinnon put up a stick because he had paid for his lots which were purchased under a contract with the city hall. The mayor suggested that he take some debentures in payment of the debt, but he was not willing to do so.

The mayor and secretary-treasurer were authorized to arrange for the payment of the rate of taxes due by the city hall. The council decided to accept the arrangement.

The council also decided to accept the arrangement for the purchase of the C. & F. Township Co. property.

The council also decided to accept the arrangement for the purchase of the C. & F. Township Co. property.

The council also decided to accept the arrangement for the purchase of the C. & F. Township Co. property.

The council also decided to accept the arrangement for the purchase of the C. & F. Township Co. property.

of Edmonton, with reference to the recent position.

CONDITIONS OF THE RAILWAY FRANCHISE.
The agreement now being considered between the Strathcona Railway and the City of Strathcona.

This bylaw granting a franchise to the Strathcona Railway Co. provides that the company shall commence work not later than August 1, 1908, and that by November 1, 1909, five miles of track shall be laid and the line shall be running through the city.

The first portion to be constructed is to be a point at or near the south end of the Saskatchewan bridge, the corner of Cameron street and short street and on Whyte avenue, San Cameron street west.

After the year 1912 the company is to pay annually to the city four per cent of its gross earnings up to \$50,000. When the gross earnings reach that amount five per cent is to be paid on the excess up to \$50,000 and seven per cent on any excess over \$50,000.

The franchise is exclusive and will exist for a period of thirty years, the city reserving the right to purchase the system at any time upon giving two years' notice in writing.

STRATHCONA PUPILS TO TAKE EXAM.

A PRACTICAL DEMONSTRATION IN CORSET FITTING

We have secured the services of Miss Winfield of Montreal, an expert in corset fitting, to demonstrate the styles and fit of THE FAMOUS P.D. FRENCH CORSETS. These corsets have the reputation of being the best made corset on the market and their sale in Edmonton is confined to us. We take this way of showing their good points.

Miss Winfield will show and fit the correct style for each and every lady who wishes it.

There is considerable expense in connection with this demonstration and we hope all the ladies of Edmonton will take advantage of Miss Winfield's services while she is here.

THIS DEMONSTRATION WILL LAST FOR ONE WEEK, STARTING SATURDAY, OCTOBER 5th.

Life is Worth Living at Fruitvale

IN THE SOUTHERNMOST AND WARMEST VALLEY IN THE West Kootenay, B.C.

District, fine climate; warm winters; cool summer nights. Abundance of pure water; ample material on each tract for fences, buildings and fuel. Soil deep fruit lands with clay sub-soil. Level and free from rocks. 5,000 to 10,000 per acre profit annually growing fruit and market gardening. A community not a wilderness. School, Post Office, general store established. Churches next. Every tract within half a mile of main line of R.R. and all within two miles of station, freighting on wagon roads out on the ground. 40 miles from Nelson. Fruitvale is selling up fast with good people who will make good neighbors.

YOU CAN START WITH \$10 but you must get quick in order to secure one of our 10 acre orchard homes on the \$10 down and \$10 a month plan. Let us send you plan of subdivision, maps, photographs and the names of some one in your vicinity who has seen Fruitvale and purchased land.

WE HANDLE NO LANDS ON COMMISSION.

and are not in the general real estate business but we own nearly one-fifth of the good fruit land in the Kootenay District which we purchased several years ago when we had the pick of it all; consequently we own the best lands, which we can sell cheaper and on better terms than others. The enormous success of our Fruitvale subdivision has prompted us to list on the market wholesome

BLOCKS OF 150 TO 6,000 ACRES.

suitable for subdivision in order to give farmers and individuals an opportunity to invest themselves in the district. These lands are on direct lines of transportation. We have shovels, tools, and you save commission when buying from us. Prices and terms will surprise you. Full information, descriptions, maps, etc., on application in person or by letter.

KOOTENAY ORCHARD ASSOCIATION Nelson, B.C.

SPRING NEEDLE Ribbed UNDERWEAR

The Strongest Pull on any part of your little garment will fall to permanently displace it from its original shape.

Why? Because it is made by the wonderful "Spring Needle" process, which assures absolute elasticity.

Stretch an Ellis garment as far as you like then let go—and it will immediately spring back into place.

Write for our free booklet. It tells the whole story.

THE ELLIS MFG. CO. LIMITED HAMILTON, ONT.
